## MODEL AWP

### **ANTI-WHIP PRO BASKETBALL NET**

The AWP net is designed for professional basketball goals using a net tie cord attachment. The net shall withstand heavy play.

The net has 12 attachment loops and is compatible with net tie cord rims. Net shall be constructed from white nylon braided sheath covering a polyester core. The net is a regulation hour glass shape, 21" [533 mm] high and shall have an anti-whip design, using stiffened upper loops to help keep the net from whipping up through the goal ring. Net shall include (1) GAW anti-whip net and (1) PTC pro net tie cord that is 68" [1727 mm] long.

Use with Gared models SNAPA and SNAPB goals.

Subject to design change and current manufacturing practices.
